Franklin coffee & bar

Our most handsome Franklin

- Who is he?

Franklin Coffee & Bar is the newest addition to the Franklin fleet. A 1969 Franklin Regent, lovingly renovated as a bar, perfect for weddings & events.

- Packages

We offer several packages with Franklin Bar.

Package 1 – includes Franklin caravan hire, glassware, ice, two staff and basic bar service for the duration of your event. Prices start at \$850

Package 2 – as per package 1, with the addition of coffee & hot drinks service. Cost is an additional \$2 per guest.

Package 3 – Full bar service with basic drinks and cocktails. Also includes coffee service. Prices start at \$1200

Franklin coffee

The original Franklin

- Who is he?

Our original, adorable 1964 Franklin Mini. Fully decked out as a travelling café, complete with tables, chairs & umbrellas.

- The Coffee?

We use the Progress St blend, locally roasted by specialty coffee roasters Commonfolk in Mornington.

- Packages

Franklin Coffee is popular for post-wedding caffeination, as well as specialty coffee service to accompany wedding desserts, breakfasts and afternoon teas.

Pricing for Franklin Coffee hire and service starts at \$800, includes two staff & unlimited cups.

Frequently asked questions

- How far will you travel for an event?

We are based on the Mornington Peninsula, and are happy to travel to any location within 1 hour of home free of charge. The cost of any longer trips will be included in your quote.

- Do you supply alcohol for events?

At present we don't have a liquor licence, and offer service of alcohol only. We are more than happy to help you arrange alcohol packages through our friends at Bond Wine Merchants.

- Do you have safety tagged appliances and a food safety certificate?

Yes. We are registered traders with the Mornington Peninsula Shire Council and comply with all their regulations for Class III food/drink vendors.

- Is Franklin self powered?

The Franklins are specially wired to run off two 10 Amp (regular) powerpoints. We have 20m of power leads which we can run from a power source. If there is no access to power, we can also operate from a generator. The cost of generator hire with one of the Franklins is \$50
